

ASSEMBLY INSTRUCTIONS

The use of built-in frames provides for the execution of masonry (never of Mat'en's competence).

You need to follow the simple assembly instructions and complete the work of laying frames taking care to shave the difference in share of the fund through the use of self-leveling.

REMOVE ALL ITEMS FROM THE PACKAGING (ANGLED PROFILES AND HARDWARE).

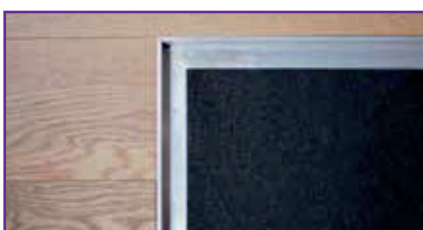

N.B: THE FRAME MAY BE CONTAINED IN THE CARDBOARD TUBE ON WHICH THE MAT IS ROLLED UP.

TAKE TWO CORNERS COMBINING THE CORRESPONDING NUMBERS AND FIXING AN ANGULAR SQUARE ON ONE SIDE THROUGH A SCREWDRIVER.

THEN FIX THE SQUARE ON THE OTHER SIDE AND REPEAT THE SAME OPERATION FOR EVERY CORNER FOLLOWING THE NUMBERS.

LAYING THE FRAME IN THE COCKPIT AND EVENTUALLY FIX IT USING DOWELS OR FISHER (NOT SUPPLIED) AND THEN SHAVE INTERNALLY WITH A SELF-LEVELING TOOL, TAKING CARE TO BRING THE WHOLE BOTTOM UP TO THE HEIGHT OF THE ALUMINIUM FRAME.
